Furtuna Denisa

Junior Web Developer | Full-Stack JavaScript

About

Curious and detail-oriented junior web developer in full-stack JavaScript training. I also explore design with Figma and the Adobe suite. My goal is to join a team where I can keep learning and bring my creativity to web projects.

Education

★ Full-Stack JavaScript Developer Training

Interface3 · 2025 – 2026

★ Information and Communication

UCL Saint-Louis · 2023 – 2025

★ Business Management

Ichec · 2022 – 2023

★ Secondary Education

Institut Notre-Dame · 2016 – 2022

Experience

★ Waitress & Receptionist

EuroStar Montgomery Hotel · 2025

Welcoming and serving a high-end international clientele, developing a strong sense of service, organisation and thoroughness.

Projects

★ Flow Garden – Garden Timer

A website inspired by The Little Prince: a Pomodoro timer with a task list. After each session, a flower grows in your garden.

HTML · CSS · JavaScript

★ Compost The Rich – Hackathon

A boss-fight game against billionaires. Created the home page, backgrounds and character animations in Unity.

Unity · C# · ShaderLab · HLSL · HTML · CSS

★ Sound Of You

A therapeutic website for sharing sounds linked to emotions.

HTML · React · JavaScript · NodeJs · Tailwind

★ Calculator

A simple web calculator to consolidate front-end development fundamentals.

HTML · CSS

★ BeeProductive

A task management website.

HTML · React · JavaScript · NodeJs · Tailwind
